Our selection of wines has been chosen with seasonal weather in mind. Many of the whites are fuller in body except perhaps the Rieslings but of course, these suit every season! The reds are mostly on the more tannic or savoury side. There is an emphasis on traditional method sparkling, from Corpinnat and Champagne.

There is a common thread running through the producers we have joining us in person today. We stumbled across all of these wines, almost by accident, from travelling, eating, drinking and sharing with good friends. **Ca'n Verdura**, we discovered in a Barcelona wine shop in 2022, lured in by the labels and curious about the indigenous grape varieties and Mallorcan origin. These distinctive wines bring both interest and joy to a list. We first bought **Terre de l'Elu** wines in Saumur in 2019, where we drank a bottle of l'Aiglerie over dinner. Their wines stayed with us and it was hard to resist importing them. **Tenuta delle Terre Nere** has been on our portfolio longer and was a discovery

at a wine club tasting in 2015. Within a week we had our first order placed. At Vinateros in London, not looking for sparkling wine at all, we first tasted **Gramona** and it was inevitable that we should work together. In a wine shop, within the shadow of the Reims Cathedral, we were strongly advised to try **Goutorbe-Bouillot**, advice we diligently and thankfully followed!

Our hope today is that you discover something that strikes a chord with you that you in turn get to share with your customers. This is, after all, what SPIT is about.

**Our selection can be found at TABLE 1**

It's always an incredibly difficult task to decide which producers and which wines to show at Spit. The feeling to be unfair to the ones left out is real, as it's real the sensation that maybe that or that wine would have been a better choice. Anyway, we had to pick 40 wines and so we did!

During the last 12 months, indulging in our thirst (no pun intended, or maybe yes... ) for new interesting wines to add to our portfolio, we did scout the four corners of Europe meeting new people, sharing experiences and glasses of wine. We are now happy to present some -in our opinion- amazing new producers. From Sicily we have **Baglio Ingardia** from Trapani, and the splendid wines from **Baroni di Pianogrillo** in Cerasuolo di Vittoria appellation, classy & elegant. From Bardolino in Veneto the intriguing and joyful **Sassara** wines, and from Austria the pure and full of energy wines from **Johannes Zillinger**. We are also proud to welcome **Domaine Jessiaume**, one of the rising

stars of the Côte de Beaune. We will have some of our old friends, like **Burja** (after 12 month of absence), **Franco Terpin**, **Castello dei Rampolla**, the addictive wines of **Fattoria San Lorenzo** and many others.

As there is nothing better than ask questions directly to the winemaker, this year we have 3 important guests. Laura di Collobiano from **Tenuta di Valgiano**, one of the iconic Tuscan producers and one of the pioneers of biodynamic farming in Italy. Francesco Pascucci will show the intriguing wines of Ampeleia, where Mediterranean flair, elegance and joyful drinking are perfectly blended. Last but not least, Summer Wolff will be back with the great wines of **Luli**, and a couple of surprises from her own project.

**Our selection can be found at TABLE 2**

Its SPIT Festival time of year! Each year it seems harder to choose which wines to present to you, because we are excited about them all. We decided on a range of wines newly added to our Collection in the past year such as delicious **Burgundy Domaines**, **Navarra Newcomers** and mouthwatering wines from Jerez to our unforgettable all time classics. Wineries that we hold many years in high esteem performing better and better year on year such as **Commando G** from Gredos, **Antonio Ponce** from Manchuela, **Antonio Madeira** from Portugal and Burgenlands Iconic **Claus Preisingers** wines, plus many more.

However most excited are we this year to welcome **Florian Richter** from **Domaine des Deux Clés** in Corbières, **Maria Alvear** from **Terroir al Limit** in Priorat and **Tiago Teles** from **Portugal** to show off their range of exciting wines in person.

**Domaine des Deux Clés** a very young estate impressed us the past 3 years with its wines of definition of fruit character, purity and completeness. 2022 has yet been the best Vintage so far, pure delicacy.

**Terroir al Limit** Dominik Huber made waves when starting up a new era of outstanding Priorat wines in the past decade. His wines are nowadays purely crafted in cement tanks are pristine and elegant. A very exciting project making wines for food, approachable when young but also made to age.

**Tiago Teles** – A Wine journalist turned winemaker putting his heart into indigenous varieties throughout three regions in Portugal, Vinho Verde, Bairrada his home and North Lisboa. Nature is at its best game here and with little technology Tiago achieves some juicy and immediate honest wines.

**Our selection can be found at TABLE 3**

A relationship built on knowledge and trust. We have selected our producers carefully and we work closely with them to offer some of the best wines from France in the Irish Market. We give our customers wines of high purity and great honesty – even in their simplicity – we always look for a style of wine who has precision and definition. As expert Sommelier, we are constantly thinking about food and wine pairing. Our selection will always give a nice

support to the chef's dishes, bring pleasure and joy. The full spectrum of our portfolio is built to reach that goal, from our entry level to our high end. Nomad Wine Importers represents the trust link between the producers and the consumers. (Charles Derain)

**Our selection can be found at TABLE 4**
